Continued Professional Development Policy

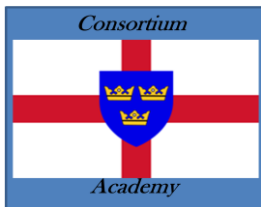

1 Principles, Values and Entitlements

- 1.1 The *Consortium* Multi-Academy Trust is a “learning community” and is committed to providing opportunities for the continuing learning and development of its entire staff. Professional development is the means by which the Trust is able to deliver whole school, team and individual development priorities.
- 1.2 The Trust has an expectation that all members of the learning community will take an active role in their own professional development.
- 1.3 The Trust believes that all members of staff have a responsibility to support the professional development of colleagues.
- 1.4 Professional development will be co-ordinated by a CPD Leader at school level with an appropriate job description and who will be a member of the school leadership team. The CPD Leader will be appropriately trained and will be provided with annual opportunities to network with schools and training providers.
- 1.5 The *Consortium* Multi-Academy Trust provides a co-ordinated response through the Teaching Learning and Assessment Panel. The Head of Service CPD (TSA)** supports and maintains the Continued Professional Development programme under the direction of the Education and Learning Manager
- 1.6 All members of the school learning community will have an entitlement for access to high quality induction and continuing support and development.

2 The key elements of the CPD policy comprises:

- effective auditing and identification of need and aspiration
 - appropriate match of provision to learning needs
 - reliable and explicit evaluation of the impact of provision
 - Dissemination of effective practice.
- 2.1 The Trust will aspire to obtain appropriate quality standards from organisations that support the principles of effective professional development in, e.g. Approved Centre status from the Institute Leadership and Development, Investors in People, Charter Mark, Basic Skills Quality Mark, in order to validate and challenge its approach to learning and development.
 - 2.2 The Trust aspires to acquire ‘Teaching School Alliance’ status in its own right, while developing partnerships with other TSAs and the School to School Support Partnerships for the benefit for the staff across the Trust.
 - 2.3 The Trust will use a range of types of provision and providers adopting “Best Value” principles in determining these. The Trust is committed to working with all training providers to develop and improve the services they provide through collaborative planning and detailed feedback.
